Installing seaLandings on Windows 10 from the Internet

Installation from the Internet

- Navigate to: https://elandings.atlassian.net/wiki/spaces/doc/pages/10427589/Installing+seaLandings+software
- Click on the seaLandings-pws-installer.zip to begin download.

• The download will start, and you will need to select "Open" or "Open when done".

• When the file finishes downloading, a window will open with the zip files in it. To continue, you need to extract these files.

- A black dos window will pop up do not close this window as it will cancel the installation process!!!!
- The sealandings Installer dialog box will pop up and request specific information about your operation as shown below.

Step 3.

- Select the Transmit type
 - File method creates a zip file of your report which is saved in your transmissions folder and then attached to an email addressed to elecrep@noaa.gov, requires processing of return receipt.
 - Direct method transmits and processes your report via the internet behind the scenes. No email transmission is required!
- User ID this is the ID entered when the operation was originally created.
- Password/Confirm Password this is the password used in conjunction with the User ID that was entered when the operation was created.
- Type of Installation Production is the selection you want to go with.
- Software If you use sealandings to submit daily production and landing reports then select Sealandings.
 - if you only wish to use the sealandings reporting system for the electronic logbook, select Logbook only.

• Archive old reports? - This feature will move everything in your current Reports folder to the Archive folder (C:\ProgramData\sealandings\archive)

- Click on the Install button.
- The sealandings Installer window will turn green after completing file uploads. This indicates that you have successfully installed the software and provide you with a reminder to send an initial transmission file once you have logged into sealandings to request a User Authentication and report numbers.
 Click on Finish to complete the process.

😪 Sealandings Installer	-		×
The seaLandings Processor Workstation has been installed on your	compu	ter.	
Before you can use seaLandings to create and submit reports you id numbers and fish ticket numbers from the server. To get numbe seaLandings and login with userid GREATWHITE, the userid you spe the installation. Go to the Reporting menu, select the Transmit and prepare a zip file for transmission to the server. Follow th for sending the email. When you receive the Return Receipt email Process Return Receipts item on the Reporting menu to process th receipt. Once you have the numbers from the server you can start landing and production reports.	rs, ple cified Report: e inst: , use : e retu:	ease st during s item, ruction the rn	tart J
			Finish

• A sealandings Icon should have been created on your desktop, this is your shortcut to opening the seaLandings program.

Step 4.

• Locate and double click on this icon to open the login dialog box.

• Enter your UserID and Password and click on OK to login into seaLandings.

🛃 Login		×
G,	Release 2022.09.20-14.59.09	
User ID:		
Password:		Show Password
	OK Cancel	

• The version you have for 2023 should be Release 2022.09.20-14.59.09

Step 5.

• seaLandings will send an automatic transmission to request a User Authentication and report numbers.

Zransmission Progress	\times
100%	
Starting Authentication	
INFO 1805: User File AMACKEREL.xml saved on the workstation.	
Successful Authentication	
Starting Report Numbers Retrieval	
INFO 1694: 20 report numbers received	
Successful Report Numbers Retrieval	
Starting Fish Ticket Numbers Retrieval	
INFO 1695: 20 fish ticket numbers received	
Successful Fish Ticket Numbers Retrieval	
Requesting Return Receipt of current year logbook profiles.	
Checking for Return Receipts	
No Return Receipts found	
Transmission Complete.	
I contraction of the second	
-	Done

• If you are using file transmission, you will need to attach the zip file to an email addressed to elecrep@noaa.gov and process the return receipt you received.

seaLan	dings - ASKATE ×
1	INFO 1805: Transmission file C:\ProgramData\seaLandings\transmissions\transmit_20191111_121313.zip created INFO 1805: You will have to attach it to an email and send to ertest@noaa.gov
1	INFO 1805: More report numbers were requested INFO 1805: More fish ticket numbers were requested
Ľ.,	ОК

Now you're ready to create reports!

NOTE - If you go to File > New and do not see your Operation displayed in the Operation field, you neglected to do Step 5.

If you have any questions email elandings@alaska.gov
