The screenshot shows a web browser window titled "Electronic Reporting - NOAA Fisheries Alaska". The address bar displays the URL <http://www.alaskafisheries.noaa.gov/er/default.htm>. The browser interface includes a menu bar (File, Edit, View, Favorites, Tools, Help), a search bar with the Google logo, and a toolbar with various icons. The website content is organized into a sidebar on the left and a main content area on the right.

NOAA FISHERIES ELECTRONIC REPORTING

eLandings

Using the eLandings web-based application, processors report production and landings data. Once data are entered and submitted, users receive a printed production report, fish ticket, and/or an IFQ (individual fishing quota) report as a receipt.
