Scenario

A longline vessel (ADF&G# 36041) is delivering 2,000 lbs of gutted/head on CDQ halibut (with ice/slime) to The Pisces Plant. Two CFEC card holders are making the delivery. All 8,000 lbs of the halibut are being sold. One of the card holders only has 850lbs left on his permit so we are going to use the max-out field to properly allocate those pounds to his permit. The remaining halibut pounds will be allocated to the other permit holder. All of the catch was made in statistical area 375430.

Create a new landing report by logging in to <http://elandingst.alaska.gov/> and choosing the operation called The Pisces Plant.

Click on the *Groundfish Landing Report* button.

The screenshot shows a web interface for selecting a report type. At the top, there is a dropdown menu for 'Operation' set to 'THE PISCES PLANT' and a 'Grading and Pricing' button. Below this is a grid of report categories: Groundfish, Salmon, Shellfish, and Logbook. Each category contains several report buttons. A red arrow points to the 'Groundfish Landing Report' button in the Groundfish category.

Enter Vessel information

There are two more steps to completion.

1. Click on the **View Receipts to Print** button and print.

Report Number	Status	Transaction Number	Fish Ticket	NMFS ID	IFQ Permit	Species	Stat Area	Area	Condition	Ice/Slime	Sold Lbs.	Retained Lbs.
1	Contact NOAA Fisheries Enforcement	189085	E22 263201	980038	980003	200 Halibut	335401	2C	04 Gutted	YES	907

NOTE: In the training environment you will always get a message to contact NOAA OLE when landing IFQ halibut or sablefish due to the PNOL requirement.

- At this point you can also print IFQ permit reports for each permit holder if requested. Grading and Pricing should be added prior to printing these so a full accounting occurs.

2. Print your fish tickets by going up to the CFEC Permits box and click on the fish ticket number in blue text.
